

2022 EVIDENCE TO ACTION CONFERENCE AND EXHIBITION

CALL FOR ABSTRACTS

BACKGROUND

The International Centre for Evaluation and Development (ICED) in partnership with the office of the Prime Minister- Directorate of Monitoring and Evaluation, the Uganda Evaluation Association, College of Health Sciences, Makerere University, Uganda; and Feed the Future Innovation Lab for Market, Risk and Resilience of the University of California at Davis and other partners are organising the 2022 Evidence to Action (E2A) Conference and Exhibition. This year’s event features a blended partnership to mark the 8th Uganda Evaluation Week and 100 years (century celebrations) of the great Makerere University.

The event would be hosted by the College of Health Sciences of the Makerere University from 26th – 30th September 2022.

The theme of the Conference is “***Adapting Innovative Evaluation Practices for Evidence-Based Decision Making During & Beyond the Covid-19 Pandemic***”. The 2022 E2A aims to bring together actors within all stages of the value chain of evidence-based policymaking and policy practice to generate and utilize high-quality, rigorous evidence relevant to Africa’s context in support of Agenda 2063 and the 2030 Agenda in spite of the numerous challenges posed by the pandemic.

It would shine a spotlight on the conduct of practitioners and professionals in Monitoring and Evaluation, dwelling on learned experiences of adapting and innovating evaluation practice for evidence-based decision making within and beyond the prevailing COVID-19 pandemic. Further it will explore the generation and use of evidence-based and relevant policies to support given development interventions.

CONFERENCE OBJECTIVES

- i. To generate innovative insights to support recovery plans in the face of the Covid-19 disruption, using evidence and evaluation.
- ii. To enhance opportunities for researchers and evaluators to contribute to demand-driven research and evaluation activities in the context of Africa.
- iii. To emphasize the importance of contextualized knowledge and local public debate and ownership
- iv. To provide a platform that integrates and optimises cutting edge cutting-edge innovation, research, and evaluation findings through collaborative and shared learning to promote policy making and sustainable program development.
- v. To examine approaches for infusing evidence into policy making and program development.
